Residents and their families can be assured that the strictest hygiene procedures are observed by our trained staff in handling and preparing food.

Bringing food into Pioneers Lodge for residents

Unfortunately some foods are inappropriate for the elderly and that is why they may not be on our menu.

In an effort to overcome this problem Pioneers Lodge has developed a Food Safety Plan which is audited each year by the NSW Food Authority. The food safety plan sets out how we handle the provision of food to our residents from the point of delivery to preparation, service and consumption and is designed to minimise the risk of any food borne illness such as gastroenteritis. We also have a policy on 'Perishable Food from Families and Other Outside Sources' which is available on request.

For this reason food and meals brought in by families must not be handled by staff as there is no guarantee that it has been processed hygienically and then stored and transported at a safe temperature. Meals may be brought in from home and heated in the Unit's microwave oven and then served to the residents by family members or the residents themselves without staff involvement.

Pioneers Lodge will facilitate safe food handling by providing relatives and friends with a copy of the fact sheet "Do you cook and bring food to an elderly relative or friend in an aged care facility?" produced by the Food Safety Information Council.

MEDICAL OFFICERS

Each resident retains their choice of doctor as in the community. Some Doctors call regularly to review the residents' medical care, including treatment and medication. Some doctors do not attend the facility and therefore if a resident requires a doctor, the resident or resident's family should make the necessary appointment and accompany the resident to the appointment. If you are unable to do this please speak to the Registered Nurse/Unit Supervisor to make alternative arrangements. There will be a charge for this service.

The resident and their representative, where appropriate, will be included in discussions concerning care objectives.

Should a relative feel a resident requires a doctor, apart from routine visits, it should be mentioned to the Care Manager/Registered Nurse/Unit Supervisor on duty and the necessary arrangements will be made.

Payment of doctors accounts are the responsibility of the residents.

MEDICATIONS

Medications are prescribed by the resident's doctor and dispensed by the Residents' choice of Pharmacy. Except for residents that self medicate all other medication is administered to the residents by the Care Staff on duty. Medication costs are the responsibility of each resident.

Self Medicating – Should a resident choose to self medicate, an assessment must be completed by their medical officer and our Registered Nurse. Following approval to self medicate all medications must be kept in a locked cupboard in their room.

All Residents are requested not to self medicate non prescription medication such as pain relievers, vitamins, bowel medication etc. as staff must be aware of all medication taken in order to monitor residents' health.

NEWSPAPERS & MAGAZINES

Residents wishing to order their own newspapers & magazines may make the necessary arrangements with the local newsagent. Please request that the newsagent clearly writes the resident's name on each newspaper or magazine delivered. The Pioneers Lodge has the Area News delivered to each unit.

RECREATIONAL ACTIVITIES

Various activities and outings are organised for residents by the Recreation Activities Officer. Residents are welcome to participate in any activity so arranged. These may include book readings, daily exercises and escorted walks, in-house movies, visiting music groups and "sing-along's", bingo, cards, special morning and afternoon teas, trivia and outings such as visits to the Regional Theatre and the local clubs for lunch, etc.

Residents will be encouraged to pursue existing interests or acquire new ones if they wish and to choose to participate in various activities. The residents' choice not to participate will be respected.

Programmes of individual and group therapeutic exercises as well as diversional therapy activities are organised.

Information about forthcoming events will be posted on the notice boards. Relatives and friends are encouraged to attend and to help with social outings and activities as such activities are important for the physical and mental well being of the resident.

TELEPHONE

Residents may accept incoming calls at any time and a portable phone is available for residents to take calls in their room.

Residents also have the option of their own connection direct to their room. This should be arranged directly with your preferred telephone provider and normal installation, line rental and call charges apply.

It is not recommended for residents in the McWilliam Unit to have a phone connected. Staff can transfer incoming calls to the residents. It is easier for both residents and staff for this to be done in office hours.

Respite Residents may accept incoming calls at any time preferably during office hours.

PAY TV

If residents wish to subscribe to the Foxtel Pay TV service they may do so directly with Foxtel, however it is required that they follow the following process:-

1. Notify The Pioneers Lodge (i.e. the Chauncy Unit Supervisor, the McWilliam Unit Supervisor) that they will be applying for a Pay TV service.
2. Contact Foxtel to arrange the Pay TV service and advise them that it is a Multi Dwelling (commercial) installation.
3. Notify the Pioneers Lodge (see 1 above) when the service will be installed.
4. Notify the Pioneers Lodge (see 1 above) when the technician arrives to connect the service.

This final point is most important as our staff may need to remind the technician that the installation will use an EXISTING SATELLITE DISH AND EXISTING CABLES.

INTERNET SERVICES

Residents are able to access broadband internet services. It is your responsibility to contact your provider at your expense as part of your phone service.

Residents may also gain access to the Pioneers Lodge wireless network, however, there are time and download limits on this service. Streaming services are not available on the wireless network. Contact Reception for further details.

GENERAL INFORMATION

BED ALLOCATION

The initial allocation of beds is at the discretion of the Care Manager and Unit Co-ordinator.

After residents have been allocated to a particular room and bed it is important that residents feel secure there. A resident will only be moved to another bed or room if:

- The move is at the resident's request or,
- The resident agrees to move after being fully consulted and agrees to move without any pressure or
- The move is necessary on genuine medical grounds as assessed by Aged Care Assessment Team or at least two medical or other health practitioners.

DONATIONS

The Pioneers Lodge is a charitable non-profit organisation and it is grateful for the support that it receives from the wider community. All donations of \$2.00 and over to the Pioneers Lodge Limited are tax deductible.

Also The Griffith Pioneers Trust Fund has also been established as a special fund where the donation is invested and the interest earned each year is available to purchase capital items. (This fund is similar to the very successful Griffith Base Hospital Trust Fund in the way it operates). This arrangement ensures that each donation stays "intact" so that it can earn tax free interest year after year. This interest is then available to the Pioneers Lodge to purchase equipment and other capital items. All donations of \$2 or more are tax deductible.

For more information contact the Facility Service Manager Ph 02 6960 2501.

LEAVE

A resident may be absent from a residential aged care facility during periods of authorised leave. To be counted as a day of leave the resident must be absent overnight. All fees continue to be payable when a resident is on leave.

There are 3 types of leave:

1. **HOSPITAL LEAVE:** A resident can take unlimited days of leave for the purpose of receiving hospital treatment.
2. **SOCIAL LEAVE:** A resident can take up to 52 days of social leave in a financial year.
3. **PRE-ENTRY LEAVE:** Up to 7 days of social leave may be taken as pre-entry leave immediately before a resident enters a service.

Accommodation fees and means tested care fees are raised for all periods of leave.

A resident may take more leave than prescribed above provided that there is:

- Approval by the Pioneers Lodge.
- Agreement by the resident to pay the Accommodation Fees plus compensation to the Pioneers Lodge for the subsidy not paid by the Commonwealth Government.

RESPITE RESIDENTS

Residents in respite care cannot take leave overnight during their respite period. If it is necessary to take overnight leave the balance of the respite period will be cancelled.

AEROSOLS

Aerosols are banned in the Pioneers Lodge as they set off the fire alarm. Examples of these are air fresheners, deodorant, hairspray etc.

ALCOHOL AND DRUGS

Alcohol consumption is permitted, however, moderate consumption is encouraged. Deleterious drugs are not encouraged and all other drugs will be administered as ordered by a Medical Officer.

BANKING AND SHOPPING

Residents are encouraged to manage their own financial affairs and shopping needs with assistance from family members if necessary.

If there are no local family members then arrangements can be made for small amounts of money to be held in trust to cover small incidental costs (such as personal purchases and outings).

If this service is requested then a Letter of Authority is required to authorize staff to draw on these funds.

It is recommended that all residents with a cognitive impairment have a trust account.

Problems are sometimes encountered in the area of Work Health and Safety with frail, disabled or heavy residents when dressing and undressing. In these situations, the staff may request that a particular type of clothing or even a modified item of clothing be provided. Brochure and number available for climatic / thermostatic control temperature. Most residents could wear long t-shirt with or without cardigan / jacket all year round.

ESCORTING RESIDENTS TO APPOINTMENTS

This is outside the scope of our contracted services and therefore family members or friends may be required to escort residents to appointments. If staff are required to do this and, provided there are staff available, then charges apply. Please contact the Unit Co-ordinator for more information. There will be a charge for this service.

LAUNDRY

Bed linen is provided however, if residents choose to supply their own bed linen they must also launder it. Residents also have the choice of providing their own bed spread which must not be made of a shiny silk like material as frail residents are at risk of sliding off their beds onto the floor. The Pioneers Lodge will launder bed spreads provided they are not bulky and/or not made of delicate material.

The Pioneers Lodge provides a laundering service for personal clothing however residents are encouraged to do their own washing if they are able to use the equipment provided.

Delicate laundry such as knitted clothing should be cared for by family members.

Dry-cleaning can be arranged; please see RN / Unit Co-ordinators.

NAIL CARE

Each resident is to supply their own nail clippers and emery board. Pioneers Lodge can order these supplies from the chemist charged to the resident's account.

SUGGESTIONS

A suggestion box is located in the front foyer. Any suggestions or comments would be welcomed.

COMPLAINTS

A complaints resolution policy is contained in each Residential Care Service Agreement. It is reproduced below:

Comments and complaints are welcomed as they are regarded as an important source of feedback. Without this feedback, it would be difficult for us to continue to develop the quality of our care and services.

Complaints will be dealt with quickly, confidentially and fairly.

The complaints resolution process should be followed so that the complaint is dealt with as close to the source as possible and if it is not resolved then it is raised at the next level of authority until it is resolved:

1. Raise the complaint verbally with the direct care/service provider.
2. Raise the complaint verbally with either the Care Manager or Registered Nurse on duty.
3. Put the complaint in writing and submit it to the Facility Manger who will bring it to the attention of the Management Committee. Outcome will be discussed with the person making the complaint.

OR

Aged Care Quality Agency – 1800 951 822

CULTURAL CUSTOMS

All attempts are made to ensure each resident's cultural needs are being met. If there are any issues in this area they should be directed to the Registered Nurse or Unit Supervisor who will deal with the

matter or refer to higher management. An Interpreter Service can be arranged as required. Government literature can be arranged in any language required.

LIBRARY

The Pioneers Lodge has a range of large print books to choose from and the Community Mobile Library visits every second Monday at 10.30 am.

MY AGED CARE

The My Aged Care website (www.myagedcare.gov.au) has a wealth of information about aged care services. Residents and family members are encouraged to access this website if they have any questions about the Aged Care System.

MEDICARE AND PENSION CARDS

It is preferable for Medicare and pension cards to be kept in the staff station as they are required for doctors' visits, pathology test, x-rays and the purchase of pharmaceutical supplies.

RESIDENTS' MEETINGS

The Residents meet on a regular basis to discuss life in The Pioneers Lodge. The meeting provides an opportunity for residents to:

- Discuss changes to services or facilities.
- Discuss changes to Facility Rules.
- Provide comments or complaints on any topic concerned with life in the facility.

Residents are urged to participate as it provides the organisation with important feedback so that we can continuously improve the quality of our care and services.

The meetings are open to all residents and/or their nominated spokesperson.

Dates and times of residents' meetings are listed on the monthly Activities Calendar.

MONEY AND OTHER VALUABLES

Unfortunately the Board cannot accept any responsibility whatsoever for any money or valuables held on the premises. Residents are therefore advised to retain only small amounts of cash in their possession and to arrange appropriate insurance for valuables.

PETS

Personal pets are not permitted on a permanent basis. However, relatives may bring a pet in for a visit to the Unit to see their owner. Pets are not permitted in shared rooms. They can visit in the living areas or outdoor garden areas but not in the dining areas.

RESIDENT AGREEMENTS

A formal agreement is offered to all residents before they are admitted and sufficient times is provided for residents to seek legal advice.

The standard agreement employed by the Pioneers Lodge is a combined resident and accommodation agreement.

1. The Resident Agreement component includes: services to be provided, fees payable, rights and responsibility of the resident.
2. The Accommodation Agreement Component includes: the agreed accommodation price, the payment options chosen (i.e. lump sum or income equivalent, the specific accommodation to be provided, the conditions relating to changing room etc).

There is no legal requirement to sign an agreement if the resident is not required to pay for or contribute to the cost of accommodation. It is, however, in the best interests of both parties to have a signed agreement as soon as possible. If an agreement is not signed then the terms and conditions of the standard agreement will be deemed to apply.

If a resident is required to pay for or contribute to the cost of accommodation an election must be made within 28 days from the date of admission as to how this will be paid.

PRIMARY CONTACT INFORMATION

If a resident's condition changes significantly, the person nominated as "next of kin" on the admission form will be notified.

Any change to details of the nominated person must be given to the Clinical Nurse Specialist/RN/Unit Supervisor as soon as possible as this is the person we contact when an emergency occurs.

If the nominated person is going away they will need to notify the Care Manager/RN/Unit Supervisor of who the contact person will be in an emergency.

If it is requested that a second person be nominated also, each person must be identified clearly (name, address, telephone number). It is the responsibility of the person notified to inform other relatives.

SECURITY

For the security of residents and staff the front gate and external doors to The Pioneers Lodge are locked each night at 8.00pm and re-opened at 5.45am.

During the "Lock-up" period the only access into the Pioneers Lodge Complex is via the front gate and main front entry. Access may be arranged by pressing the intercom button at the gate and the front door and requesting to be admitted by staff. Staff can view the person requesting entry on the closed circuit TV and talk to them via the intercom. Visitors will only be admitted after "lock-up" time if they can confirm their identity.

The home is a secure environment which mean that the entry and exit doors are key coded and are locked after hours. The car parking is also locked after-hours. The purpose of this system is to prove safety and security for the residents at the home. Residents and family are able to access the home through the use of a key code and each family and or resident is provided with the key code.

The key coded exit security doors can be seen as a form of environmental/perimeter restraint and you are informed that the home has this style of security prior to the resident's admission. Staff are able to assist resident's and families to exit the building.

DAMAGE TO PIONEERS LODGE PROPERTY

Resident will be required to pay for careless or wilful damage to property of the Pioneers Lodge.

The Pioneers Lodge is the resident's home and, as such, visiting is not restricted. However to reduce the disruption to other residents, visitors are encouraged to restrict their visits between the hours of 8:00 am and 8:00 pm.

In order to comply with WHS provisions we require all visitors to sign in and out of Pioneers Lodge. The signing book is in the main foyer and also at the entrance to the Chauncy Unit from the car park.

PARKING

Parking for 55 cars is provided within the Pioneers Lodge grounds.

Family members may set down and pick up residents under the main entry covered area. However, parking is not permitted in this area. Adequate “disabled” car spaces are now provided near the main entry.

TALCUM POWDER

Talcum powder is banned in the Pioneers Lodge as it is a falls risks hazard.

VOTING

A mobile polling booth visits Pioneers Lodge at election time. Alternatively, residents may utilise postal votes which can be organised by staff or family. If a resident has a cognitive impairment it can be requested that they be removed from the Electoral Roll.

WORK, HEALTH & SAFETY

The Pioneers Lodge has implemented an extensive Work, Health & Safety Program for the benefit of Residents, Visitors and Staff. Refer to “WH&S Responsibilities of Residents and Their Families” below.

WHS RESPONSIBILITIES OF RESIDENTS AND THEIR FAMILIES

The Pioneers Lodge provides residents with a supportive home like environment aimed at enabling residents to lead a full and even risk-taking lifestyle. However, the rights of residents to a home-like environment and the choice to take some personal risk shall not place employees or other residents at risk of injury or ill health.

To help ensure a healthy and safe environment for all, families and capable residents should:

- contribute their ideas and viewpoints on WHS issues at Residents’ Meetings or in the suggestion box
- appreciate that all Pioneers Lodge procedures and tasks will be designed with the wellbeing of both employees and residents in mind
- acquaint themselves, and comply, with the requirements of The Pioneers Lodge emergency evacuation plan and any safety rules
- acknowledge that from time to time some activities and routines may be reorganised to take into account the WHS or rehabilitation needs of employees
- acknowledge that all employees have the right to a healthy and safe working life and therefore should not be expected to place themselves at risk of injury in their day-to-day work
- appreciate that considerations may mean that not all requests for services can be accommodated immediately or as expected or preferred
- seek advice from the employees on the implications of the design of clothing, appliances or other personal possessions prior to bringing such items into The Pioneers Lodge.

All of the previous groups have a role to play in providing a safe living and working environment.

All falls, accidents, near misses, dangerous situations and safety suggestions must be reported to the staff. These matters will be investigated and followed up through the Work Health & Safety Committee.

ACCREDITATION

An Accreditation system was introduced in 1998 for the Aged Care Sector. It is an evaluation process which aged care facilities must go through to be recognised as approved providers under the Aged Care Act 1997.

The objective is to ensure that the highest quality care and facilities are delivered in the Aged Care Industry.

The Pioneers Lodge Limited is strongly committed to the Accreditation Process and our Accreditation Certificate is displayed in the main foyer.

QUALITY MANAGEMENT AND CONTINUOUS QUALITY IMPROVEMENT

The accreditation system is focused on the provider being able to prove that they are providing a Quality Service. In order to achieve this The Pioneers Lodge Limited has adopted a Quality Management Approach with an emphasis on continuous quality improvement of all aspects of operations.

The Quality Management Approach involves input from residents, relatives, visitors, members of the public, tradesmen and staff.

From time to time, members of the above groups may be requested to comment or make suggestions on a particular aspect of our operations in our pursuit of quality improvement.

Comments, suggestions or complaints are welcomed at any time on any aspect of our operations.

A Quality Committee has been established which monitors the Quality Management process.

SPENDING MONEY FOR RESIDENTS

Residents will require small amounts of spending money to cover such things as outings and small incidental costs.

They are discouraged from holding large amounts of cash in their rooms so The Pioneers Lodge Limited can hold funds in Trust for resident and they may draw on these funds as required.

If we provide this service for any resident, we ask that residents or their representative, sign a letter of authority authorizing staff to draw on these funds.

BANKING AND SHOPPING

Residents are encouraged to manage their own financial affairs and if they wish arrangements can be made for them to visit the bank and also to do some personal shopping. We encourage family members to be involved in this activity but we are able to assist when there is no local family for support.
